

## ***PYRAMID RUNNER MATTING – VINYL***

- Non-fading, superior aging properties, now in a cross-corrugated pyramid surface; non-directional; resulting in a slip resistant vinyl runner.
- Resists many oils and greases; non-combustible; tear, cut and impact resistant; ozone resistant; high tensile strength; outwears rubber single piece rolls. Reduce maintenance costs; easily cleaned with soap and water.
- Meets flammability requirements of motor vehicle standard #302.

### **GREASE AND OIL RESISTANT — NO FABRIC**
