

Designer Color Cocoa Mat Shop Drawings

Musson Designer Color Cocoa mats are made from natural coconut fibers fusion bonded into vinyl backing. The cocoa fibers are vegetable dyed into six designer colors and are excellent for a natural look in commercial applications. Musson Designer Color Cocoa Mats are 5/8" thick, with a 24 ounce per square yard pile weight, and can be custom cut into mats up to 6'6" X 41'.

Specifications – DC58-S

Furnish and install Musson DC58-S Carpet matting made of natural coconut fibers fusions bonded into vinyl backing. Install 5/8" thick matting, cut to size from standard width and lengths, loose-lad in recess (or on surface area using vinyl edging or aluminum beveled surface frame).
