

MAINTENANCE OF CUSHION TILES, GOOSEBUMP TILES & HEEL PROOF TILES

- Vacuum up loose debris with power vacuum.
- Cushion Tiles can be damp mopped or scrubbed with a scrub brush.
- Cushion Tiles can be hosed down with a garden hose or a commercial power washer.
- When washing the tiles with a power washer you can channel the debris to a drain or to the end of the tiles by forcing the debris through the footed channel of the tile.
- Cushion Tiles can be washed with a commercial detergent such as Spic-N-Span.
- Cushion Tiles can be put in the dishwasher

Do Not wash Cushion Tiles or use equipment to wash Cushion Tiles that have been in contact with wax.

Grit Top Tiles should not be power washed or put in the dishwasher.
